Reichauer Claims War Should Have Been Avoided

Ex-Ambassador Cites U.S. Policy Errors Leading To Viet Situation

What U. S. moves produced the present situation in Vietnam? In an exclusive interview, Edwin O. Reischauer, historian and diplomat specializing in Far East affairs, lists what he calls the three major U. S. Vietnam policy mistakes of the past two decades. He also discusses what it would mean if Ho Chi Minh ruled all of Vietnam.

By WALTER R. MEARS
and SPENCER DAVIS

WASHINGTON (AP) — Diplomatic historian Edwin O. Reischauer says Ho Chi Minh could have led all Vietnam without menacing U.S. interests if U.S. policy errors had not locked this country in a Vietnam war.

The war should have been avoided, said the former U.S. ambassador to Japan, but the United States cannot now quit because it is in a narrow passage "and can't walk backwards."

Reischauer, now a State Department adviser and Harvard University historian, cited in an interview what he called three major policy errors of the past two decades which led to the present Vietnam situation:

"We just stumbled sort of bit by bit into supporting French colonialism" beginning in 1945.

The United States stepped into the unsound situation the French left behind them" after their defeat by the Viet Minh at Dien Bien Phu in 1954.

The United States increased its troop commitment in 1961 from 800 advisers to 17,000. "This increased the stakes. It would have been a lot less damaging if we had taken our losses and pulled out then."

Reischauer said there were other mistakes, too — decisions which at the time they were made seemed relatively unimportant.

"I can't give you a year-by-

year or a step-by-step analysis," he said.

Reischauer's recommendation: A prudent de-escalation of the war, perhaps with a halt in U.S. bombing of North Vietnam. If the combat can be eased, he said, the war may gradually dwindle without formal peace negotiations — a prospect he considers slim.

"It wouldn't have been a serious menace to us to have had Ho Chi Minh there for the past 20 years," Reischauer said.

Pacing as he talked following a day-long session before the Senate Foreign Relations Committee Tuesday, Reischauer expanded on his list of mistakes that marked American policy.

When France sought in 1945 to reassert her control over what was then Indochina, he said, "many of us felt that we should not back the revival of French colonialism in Asia."

Reischauer said the late President Franklin D. Roosevelt held that opinion. "We allowed ourselves to stumble into a course of support," Reischauer said.

Vietnam, probably would have taken an independent course similar to that of Yugoslavia in Europe though perhaps more extreme, he said.

In any event, he suggested, such a government would not today be an enemy of the United States.

Expanded Program Outlined On Housing Under FHA Plan

As a result of recent legislation, the U.S. Department of Agriculture's Farmers Home Administration is better equipped to handle the housing credit needs of low and moderate income families in four West Virginia Panhandle counties, including Hancock, according to Boyd M. Turner, FHA county supervisor.

Turner said the Demonstration Cities and Metropolitan Development Act, signed in November by President Johnson, makes it possible for a broader range of rural families in Hancock, Brooke, Ohio and Marshall counties to qualify for housing credit under expanded housing loan authorities of the FHA.

Application for rural housing loans may be made at the Federal Building, 324 7th St., Moundsville.

Reminder Given For Meeting Of Potato Growers

LISBON — Reservations are being taken for the dinner meeting of Columbian Mahoning Potato Growers at 6:30 p.m. Feb. 14 in the East Fairfield Methodist Church.

Rural families who had to go the long route of planning, contracting and building a house can now buy newly-constructed buildings. Before the new legislation, these families could only purchase previously occupied dwellings.

Qualified low income families can now obtain housing credit from the FHA on the basis of a co-signer. Previously, only those rural persons 62 years and older qualified for this assistance.

The new legislation increased from \$1,000 to \$1,500 the maximum amount of assistance the agency can loan for emergency repairs or improvements to owner-occupied rural houses. This credit is not designed to upgrade a building, but only to remove hazards to the health and safety of the family and the community.

Rural families on the verge of losing their homes through foreclosure may save them if a sound basis can be developed by the FHA to refinance their debts.

Planting A Final Straw Crop

A new program in Cuba could be the straw that breaks Castro's back.

Oddly enough, it is Castro's own scheme.

His rural development plan, designed as a pilot project for Cuba's style of Communism, is doomed to failure. In failing, it could topple Castro.

Site of the program is the valley of San Andres in western Cuba.

Here, children will be taken from their mothers at the age of one month and cared for in special institutions until the end of secondary schooling.

This will free women from household chores and enable them to work in agriculture or other production fields.

Children will be at home only on weekends.

This is a classic example of Communism's ultimate goal: everyone working for the good of all with all other relationships playing a secondary role to the common benefit.

No Highway Profiteering

The idea behind a bill cosponsored by State Rep. Levitt, R-Stark, will be welcomed by most Ohioans.

Rep. Levitt hopes through such a law to take profiteering out of state highway rights of way.

One seemingly flagrant case occurred last year in Cuyahoga County. Property had been acquired and zoning had been changed to permit building of apartments. The state then came along and bought the land for a freeway.

The state, of course, expects to pay property owners a fair price for their land. But the catch in this case was that the apartment project was developed after the state had announced the location of the new highway and after it was known it could be expected to buy the land.

The result was that the recently "developed" land brought its owners several times what it had been worth previously and several times

Guilty-With No Appeal

Robert G. Baker has been found guilty; but he is not alone.

Although the trial was for the former secretary to the Senate Democratic majority, the verdict carried an unofficial guilty-as-charged declaration for all who were involved in his financial shenanigans.

Edward B. Williams, Baker's attorney, claimed his client was only a messenger in the deal that saw money go to the late Sen. Robert S. Kerr from California savings and loan executives.

Williams hinted the money was a bribe and any portion of it returned to Baker was strictly a loan. Baker said Sen. Kerr loaned him \$50,000 in three installments in 1962. He admitted \$25,000 came from the savings and loan money.

Sen. Kerr died Jan. 1, 1963. Mr. Williams had himself a pretty solid defense for his client.

The DOT-ted Line

WASHINGTON

About 50 people in a few offices at one end of the 8th floor of a Washington office building are busy pulling together the pieces of the 12th and newest government department, called DOT for short.

Although Congress created the Department of Transportation last October, it isn't now scheduled to be in business before March 1. When it is, it will have 31 government agencies and bureaus under its wing, and 90,000 employees.

This makes it a very big department, but, because of the way Congress set it up, it will be a long way from being one of the strongest arms of the government.

DOT will be mainly a moral force, a persuader and a coordinator in the scrambled and tangled fields of air, rail and road transportation.

THE VARIOUS agencies and bureaus making up DOT will be ones dealing with railroads, airlines, buses and all types of transportation, except some on water because Congress did not include the Maritime Administration.

Among the agencies that are included are the Bureau of Public Roads, the Coast Guard and the Federal Aviation Agency.

But Congress didn't turn over to DOT the rate-making and regulatory powers that belong to the Interstate Commerce Commission, the Civil Aeronautics Board, the Federal Power Commission or the Maritime Administration.

This may make DOT look like a weakling among the government department giants.

But it can make recommendations to the President on what is needed in transportation. Then, when he accepts recommendations and offers them to Congress as his policies and programs, they should have tremendous weight.

All this means is that DOT has the job of planning for the present and the future in American transportation, which gets more mixed up by the day and is expected to double in 20 years.

DOT's new secretary, Alan S. Boyd, a 44-year-old Florida lawyer made head of DOT by President Johnson last month, was the Commerce Department's undersecretary for transportation.

In that job he was Johnson's chief adviser on transportation problems, but, compared with what he has now, had practically no staff. Now when he gives advice it will be with the resources of government behind him.

A GOOD DEAL of DOT's work will be research. For instance, take traveling in the crowded Northeast corner of the United States, say from Boston to New York.

Would it be cheaper to develop trains that go faster — at a cost of perhaps \$700 million — or would it be more economical to work out

By James Marlow

some arrangement in which helicopters could be used?

Boyd said last month the nation is approaching the "crisis stage" in the problem of air travel congestion and the Johnson administration has under way a study of major programs to deal with it, a study which may be finished this year.

The continuing, pressing problem is the general demand for transportation which runs parallel to the country's economic growth. In this century four new systems of transportation were developed: autos, trucks, airplanes and pipelines.

Since few new systems are being imagined for the 33 years left before the end of this century, one of DOT's main tasks will be to figure out how the country can do better with what it has.

In short, DOT's job is to develop a national transportation policy. Boyd believes it will take a year to get his new department fully organized and on the road.

EDITOR OF THE REVIEW

The members of the Southern Local Citizens Committee would like to thank The Review for its help in publicizing our recent election. Without the help of the paper it would have been most difficult to inform the voters of our meetings and other information.

We also would like to thank all the people and business places who donated money so an election could be held.

We especially want to thank the voters who supported the levy at the polls.

Now that the school district has money to work with, we hope that representatives from each area will attend each school board meeting and give any help they can. We feel that because of the vast area involved in our district, communications between the school board and the people are not as good as they might be if large numbers of people attend the school meetings.

We hope now that the immediate crisis is past that people will not forget that the time to take interest in school affairs is right now.

There are many things that our school can use this extra income for and it is up to the public to let their school board have as much help as possible.

Forced To Face Up To It!

Talkative Hoffa Irks Mafia

By Victor Riesel

WASHINGTON — Some of Jimmy Hoffa's old Cosa Nostra colleagues are biting their manicured nails over his new burst of brashness — and wish he'd stop being his own public relations counsel and cease and desist from leaking stories all over the press.

They have their own problems. They don't need more spotlighting. They're being investigated intensely.

There is the acidy Johnny Dio, long Hoffa's intimate friend who has been wheeling and dealing and borrowing money from you know whose welfare fund. The Justice Department is atop extortioner Dio, who had such wide influence inside the teamsters.

HERE IS EX-CONVICT Tony "Ducks" Carallo, not long out of prison. He, too, was a buddy of Hoffa's. He, too, now is back in the "contract" business in the "transport" field. It's big money. Could be as much as \$80,000 for a single settlement.

"Ducks" (he got the name from bullet dodging) also is being probed. He needs more spotlighting like Hoffa needs another conviction.

There are others all the way from New York to Los Angeles — many of them intimates of Hoffa, including the chap who introduced him to the Mafia's Dio back in 1952 when it all really started.

There's rumbling in "Chicago." The mob there, including friend and teamsters' Midwest prime minister Joey Glimco, simply want Hoffa to go quietly. They know that a brand new combination of federal agencies are probing Cosa Nostra infiltration into unions right through the Midwest — Indiana, Illinois and Missouri.

Every Hoffa move to impugn "the feds" merely intensifies the investigations.

FURTHERMORE, it's absolute fact that the sophisticates believe that Hoffa is howling in a hurricane which will whip them up too.

The public has forgotten (but the "boys" have not) that on Sept. 1, 1965, Hoffa appealed for a new trial. Then, as now, he appears to have had mattresses on his mind. He charged that prostitutes and other women had associated with U.S. District Court Judge Frank Wilson, the jurors and U.S. marshals.

Hoffa charged Judge Wilson (one of the nation's most respected jurists) and the jurors with orgiastic relations with the harlots. The teamsters president also alleged that the judge and jury which tried him had said, while in flagrante delicto, that they had pre-judged the case and believed Hoffa guilty.

ON NOV. 12, 1965, the U.S. District Court in Chattanooga denied the motion of Hoffa and his co-defendants for a new trial. Hoffa then appealed this denial of his motion to the Sixth Circuit Court of Appeals. This still is pending.

What the public does not know, however, is that the FBI has probed the Hoffa affidavits

There were denials. Some must have perjured themselves. Evidence gathered by the FBI now is being presented to the Federal Grand Jury there. Obviously since there is conflicting testimony, there will be indictments and new trials and more floodlighting.

Thus the new Hoffa round will begin even after he goes to prison. The "combine" is convinced he'll go despite his new "evidence" in the person of Benjamin "Bud" David Nichols, who says he was paid to slip microphones under the jury's mattresses.

Now, despite what has been reported of this ex-convict, his full story has not been told. Here it is:

TRUE, Bud Nichols was an FBI informant from mid-1963 to mid-1966. But his two specialties, without deviation, were fugitives and gamblers.

At no time did he come near the Hoffa case. At no time did he discuss the Hoffa trial or evidence with the FBI and — or the Justice Department. This was just not his cup of whisky. He was not a special agent. He was not employed by the FBI. He was not on retainer.

He simply was an informer — for which he got \$300 over the three years, and not \$1,684, as he claims.

Now the FBI again will have to probe the new Hoffa "evidence" since again there are conflicting statements. Thus once more there may well be heavily publicized trials spanning several years.

Since the Cosa Nostra expects some of its own princelings to be indicted in New York, New Jersey, Illinois, Indiana, Missouri, Florida and California, they just don't want an overheated atmosphere.

So they wish — and it may be the father to the deed — that Jimmy just would disappear quietly.

Desert Canal

Travelers in Israel's Negev desert some day may see ocean-going vessels that are no mirage.

A plan to cut a canal through the harsh wasteland has received strong support from government and engineering groups. Many private citizens also have offered financial support for the project.

The Negev forms a 5,000-square-mile triangle of sand and gravel in southern Israel. The National Geographic Society says the 175-mile-long canal would link Ashdod on the Mediterranean and Eilat on the Gulf of Aqaba.

Modern agricultural methods and a pioneer spirit already have transformed parts of the Negev from barren, windblown expanses of sand into prosperous farms, orchards and towns.

The desert also holds most of Israel's mineral deposits. Following in the steps of archeologists, Israeli pioneers reopened King Solomon's mines and worked them to produce copper and phosphates. Salt deposits from the Dead Sea yield bromine and potash.

LBJ Yields

By David Lawrence

Economic Policy Rapped

President Johnson has surrendered partly to the expediency of practical politics but mostly to sheer frustration over economic complexities as he accepts the conclusions of his Council of Economic Advisers.

After several years of experience with "guideposts" as a supposed restraint on wage-and-price rises, the Council finds it necessary to abandon them and to tell both business and labor that hereafter they are on their own.

This could mean the biggest wave of strikes and costly interruptions of business witnessed in a long time.

Union leaders naturally are pleased that the "guideposts" are no longer to be officially revered. The Democratic administration, which has been heavily supported by campaign contributions from labor, doubtless can expect even more intensive political help from labor.

The cost to the American people is incalculable. Already the auto industry is laying off thousands of workers due to a slump in sales.

Labor contracts expire this year in many big industries — autos, railroads, trucking, metal mining, rubber, farm-equipment manufacturing and meat packing.

Employers will have to resist big wage increases or accept higher costs. Businessmen are free to raise prices to meet increased expenses, but the simple fact is they cannot always do so because of price resistance from the public.

THE PRESIDENT is asking that business and labor apply "the utmost restraint and responsibility in wage and price decisions."

But this is not likely to be regarded as anything but an exhortation without practical value. It may be, of course, a forerunner of the inevitable enactment of wage-and-price laws.

This has happened on three other occasions in wartime.

What the President's message amounts to is an unwitting confession that the economy cannot be managed effectively as long as labor-union leaders refuse to obey "guideposts" or any other form of advice from government which isn't compulsory.

It is conceded by the administration, to be sure, that the cost of living has risen and that wages will have to be modified to take this increase into account.

But it is also true that many workers unorganized by labor are unable to get higher wages. Many of the marginal businesses, moreover, are imperiled because they can't afford to pay the wage scales agreed upon by their larger competitors.

Even more injurious to the economy has been the attitude of union labor in forcing higher wage rates though laboring men know their fellow workers in smaller companies could not possibly get the same increases.

THE PRESIDENT gives a lot of space in his economic message to the hike in prices, with only casual references to what pushed them upward. He says:

"We are not satisfied with our record on prices and we expect to improve on it this year. There are many reasons why we refuse to tolerate rapidly rising prices."

"If unions now attempt to recoup in wages all of the past or anticipated advance in the cost of living — in addition to the productivity trend; if businesses now seek to pass along rising costs when it would be possible to absorb them or do not reduce prices when costs fall; then the result will be just such a spiral — damaging to business, damaging to labor, and disastrous to the nation."

Experiments in "persuasion" have been tried and have failed. There is nothing left to do except to impose wage-and-price control by law.

The President is reluctant to do this because it might antagonize labor and lose him political support in the 1968 election.

The economy might be artificially stimulated, of course, until after the election. But if public confidence meanwhile weakened, the administration could find itself compelled belatedly to put into effect wage-and-price controls though they are unpopular.

The mere threat of it as well as fear of a diminished demand by the consumer, might become a major influence toward self-restraint in the meantime.

Through The Years

From The Review Files

THIRTY YEARS AGO — Rainfall during January broke all existing records in the 45-year history of the U.S. weather station at Millport, L. H. Copeland disclosed.

Norman Berger of East Liverpool, a student at Ohio State University, Columbus, was promoted to the rank of second lieutenant in the Reserve Officers Training Corps.

TWENTY YEARS AGO — Mayor Clarence H. Peters of Wellsville was sworn in as secretary of Columbian Aerie 772, Fraternal Order of Eagles.

Hancock County's section of U.S. Highway 22 was to be called "Blue Star Drive" as the result of unanimous action by the West Virginia assembly on a resolution to change the name from William Penn.

The 64-degree temperature that hit the area caused dandelions to bloom in some spots.

Friends may call at the funeral home Thursday from 2 to 4 and 7 to 9 p.m.

Mr. MacLean

(Continued from Page 1) the funeral home. They have operated the business since.

He was a member of the Riverside United Presbyterian Church for more than 50 years and served on the Board of Trustees more than 20 years. He was made an honorary life member of the trustees in 1965.

He was always interested in civic affairs of the city and county and worked actively on behalf of many programs. He was a member of the Wellsville Kiwanis Club, having joined shortly after the club was formed. He was a member and past president of the Columbiana County Public Health League, past president of the former Wellsville Board of Trade and a member of the Wellsville Chamber of Commerce, Columbiana County Forests and Parks Council, Southern Ruritan Club and the Ohio Funeral Directors Association, having served at one time on the state advisory board.

He also was a former member of the Wellsville Fraternal Order of Police Associates Lodge. He was a citizen member of the transportation committee of the Columbiana County Regional Planning Commission.

Survivors include his widow, Mrs. Cora Dugan MacLean, at home; another brother, Dr. Ross H. MacLean of Atlanta, Ga.; a sister, Mrs. Bianca Eckfeld of Wellsville; a daughter, Mrs. William (Margaret Ann) Shoub of Wellsville, and two grandchildren.

Funeral arrangements are incomplete. The body will be at the MacLean Funeral Home.

Assembly

(Continued from Page 1) but are four short of the 66 House votes needed.

The next move, leaders indicated, will be for the Senate to pass the bill and add an emergency clause, then return it to the House which rejected an emergency clause Monday night.

The idea would be for Republicans to seek four Democratic House members to join Kilpatrick, who asserted before the people of Ohio. If Republicans can't find four Democratic supporters, the proposals apparently will be on the November ballot.

Senate Minority Leader Frank W. King D-11 Toledo, Lucas led the Democratic floor debate, contending the legislature "should not go to the expense of a special election until we know what is going to be presented to the people." He noted that the bond issue resolution "still is being amended every hour" and that the reapportionment plan still is in committee. "We're not doing this simply to be obstructionists," King said.

Majority Leader Theodore M. Gray R-3 Miami objected to King's discussion of the ballot proposals while they "are not now before the Senate." He noted that senators will have a chance to debate their merits "both in committee and on the floor of this senate. This bill simply is a vehicle to use if they do pass. You (King) raised the question of obstructionism, I didn't."

Lt. Gov. John W. Brown R-Medina attempted to limit the debate to the elections bill but senators made frequent reference to the ballot proposals from both sides of the aisle.

"You just can't separate them. They're all tied together in a package and they're trying to railroad it through," King said privately before the session started.

He added: "This puts Democrats in the embarrassing position of putting an advance stamp of approval on something we know nothing about."

In other business, the House passed and sent to the Senate a bill by Rep. Robert E. Levitt R-91 Canton, Stark to shift the Wood County village of West Millgrove into jurisdiction of the Fostoria Municipal Court. Levitt explained that the village inadvertently was placed in the Bowling Green Municipal court by an act of the last legislature.

Notice

how many new cars look like old Pontiacs?

What'll they copy next year?

Other carmakers have already tried to copy our split grille, our slanted headlights, even Wide-Track. Of course, they haven't learned how to put them together right. Which is probably why people are buying 1967 Pontiacs even faster than they bought 1966 Pontiacs. And 1966 was our best year ever.

It seems that a lot of people don't want to wait around for innovations like our disappearing windshield wipers (articulated wide-sweep wipers—the kind you still get only on Pontiacs). And for imaginative options like our exclusive hood-mounted tach.

The Rev. Vanable Samuel of the Midland Church of the Living God will speak Friday at 7:30 p.m.

The event will be climaxed Sunday at 3:30 p.m. when the Rev. Arthur Stevens of Freedom speaks. Ralph D. Pope, deacon, is general chairman.

Cleveland Mayor Urges Change In Annexation Law

CLEVELAND (AP) — Mayor Ralph S. Locher wants a change in state annexation laws to make it easier to eliminate what he calls a "Chinese wall" of suburbs preventing the city of Cleveland from expanding.

The mayor referred to present law as "archaic" when he appeared before Council's annexation committee Tuesday.

Officials of some 30 suburbs attending the hearing voiced no support for Locher's proposal.

Those who commented questioned what benefit the suburbs could get from annexation.

4 More Killed In Ohio Traffic

By The Associated Press

Single-car accidents contributed to the majority of Ohio's latest traffic deaths:

The victims:

Chester Trogdon, 21, Rt. 2, Piketon, Pike County.

Pauline Benetka, 46, Jefferson, Wayne County.

Roland R. Fenner, 44, Wellington, Lorain County.

Lloyd Heath, 75, Ashtabula.

Trogdon died early Wednesday when his car crashed on Ohio 104 near Waverly in Pike County.

Mrs. Benetka was killed Tuesday when her car plunged over an embankment north of Jefferson.

Fenner died in an Oberlin Hospital shortly after his car ran off Ohio 511 south of Cambridge and struck a utility pole.

Injured in a two-car collision Monday night, Heath died in an Ashtabula hospital Tuesday.

Pay Raises Included In Butler County Fund

MIDDLETON, Ohio (AP) — Pay raises of \$800 a year for deputy sheriffs and five per cent for other county employees were included in a \$3,550,140 Butler County budget for 1967 which was approved Tuesday night by county commissioners.

The total budget represents an increase of \$81,000 over the 1966 appropriations.

The pay increases will be based on salary levels last July and will be retroactive to Jan. 3.

The budget also provides for the hiring of two additional deputies with starting salaries of \$5,300 a year as compared with the former starting pay of \$4,500.

Neish Announces Bid For Beaver DA Post

BEAVER — Atty. Clarence Darrow Neish, mayor of Aliquippa and former Beaver County assistant district attorney, has announced he will be a candidate for district attorney in the Democratic primary election.

Seven Killed As Bus Rams Stalled Truck

COLUMBIA S.C. (AP) — A bus rammed into the rear of a stalled tractor-trailer truck on an interstate highway before dawn today, killing at least seven passengers.

Sgt. Roy Cherry of the Richland County Sheriff's Department said 15 to 17 other persons on the bus were injured in the 4:30 a.m. collision on Interstate 26 about three miles north of Columbia.

The driver of the Trailways bus, Cherry said, received severe facial cuts.

The dead were not immediately identified.

The truck, loaded with canned goods for the Charleston Naval Base, had stopped after colliding with an automobile.

The truck driver, Donald Goan, 29, of Morristown, Tenn., said the car began to swerve in the roadway ahead of his truck and he tried back to the truck to get a blanket.

The collision knocked the auto across the median. Goan went to assist the occupants of the auto who, he said, were not seriously injured. He said one of them complained of being cold and he went back to the truck to get a blanket.

When Goan stepped into the cab of the truck, he said, the bus struck the vehicle from the rear. The upper right side of the bus was torn open.

Fine And Jail Given Driver

Chester Club Collects \$241 For 'Dimes'

LISBON — Lloyd T. Johnson of Hanoverton R. D. 1 pleaded guilty to a charge of driving while under the influence of alcohol Tuesday before Judge J. L. MacDonald in Columbian County Southwest Court and was fined \$150 and costs and sentenced to five days in the County Jail.

He was fined \$5 costs only after pleading guilty to a second charge — being found in a state of intoxication.

Also fined were:

Larry T. Grindle, Lisbon R. D. 4, convicted of driving too fast for conditions, \$25 and costs; Keith A. Kampfer, Lisbon R. D. 5, driving left of center, \$20 and costs; Jack E. Harper, Fremont, speeding, \$15 and costs, and Edward O. Smith, New Springfield, and Deniece L. Polacek, Columbiana, speeding, \$10 and costs each.

William C. Arbogast, New Milford, charged with passing traffic in a hazardous zone, forfeited a \$20 appearance bond.

A previous report of traffic hearing erroneously listed Jerry T. Mauzia of Titonville as having been found guilty of reckless operation.

Mauzia was fined \$10 and costs after pleading guilty to speeding. It was William B. Hagen of Hanoverton R. D. 1, not Mauzia, who was found guilty of reckless operation Friday on facts admitted. The court suspended his license 30 days and fined him \$30 and costs.

SALINEVILLE — A film of the Toronto - Southern Local basketball game will be screened during a meeting of the Southern Local Athletic Boosters Thursday night at 7:30 in the school, Dale Rose, president, has announced.

Etters Taken To State Pen

LISBON — Vernon Etters, 23, of Lisbon R. D. 5, was taken to the Ohio State Penitentiary at Columbus today to serve 1 to 15 years for burglary Dec. 15 at Ferrier's News Agency in Saalem.

Judge Joel H. Sharp of Columbian County Common Pleas Court sentenced Etters Jan. 23 when he pleaded guilty to attempted armed robbery.

Etters was bound over to the April grand jury last Wednesday in Northwest Court at Salem on three more charges — breaking and entering, armed robbery and auto theft.

Sheriff Russell J. Van Fossan said Etters broke into the home of Maurice Young on the Lisbon - Salem Rd. Jan. 17, threatening Young with a knife to make him write a \$200 check and stole Young's car when Young ran to Zeigler's farm market for help. Etters was captured several hours later on a Carroll County farm.

Chief Deputy Sheriff Robert Beresford and Deputy Dave Brothers conveyed the prisoner to jail.

William Meyers of Weirton, Kiwanis Lieutenant governor, will visit the Chester club next Tuesday.

Refreshments were served at Fineman's home on Phoenix Ave. following the canvass.

Probation Given District Man In Bank Fund Case

A Beaver man, charged with embezzlement of funds from a bank at Beaver, has been fined \$2,000 and placed on five-year probation by Federal Judge Wallace Gourley at Pittsburgh.

Martin Joyce, a former employee of the Beaver office of the Western Pennsylvania National Bank, Monday pleaded guilty to four counts of embezzlement and false entry.

The judge sentenced the defendant to a year and a day imprisonment on one count of embezzlement, but suspended sentence and placed him on probation for five years.

On two other counts of embezzlement and one count of false entry, a sentence of one year imprisonment was suspended and probation ordered to run concurrently with the previously imposed sentence.

It was noted in court that restitution had been made.

For Support Of Entire Caucus

GOP Senators To Amend Shafer's Convention Bill

HARRISBURG (AP) — Sen. Republican leaders appear on the verge of amending the GOP leadership's stalled constitutional convention bill to obtain the support of the entire GOP caucus.

Despite any evident progress Tuesday in dragging some of his reluctant colleagues into line, GOP Floor Leader Stanley G. Stroup emerged from a two-hour party conference smiling with confidence.

"I'm certain we will come up with a bill that is satisfactory," to the administration and to our caucus," he told reporters.

The emphasis was on "a" bill rather than "the" Shafer bill. Stroup acknowledged that Tuesday's discussions concentrated on amendments which would make the "bill" more palatable for our members."

Gov. Shafer, it was reported, also planned to participate in the drive to get the measure rolling in the Senate.

Sources said he planned a series of talks with various Republican county chairmen in an attempt to have them assist in lining up their legislative representation behind the bill.

Stroup declined to elaborate on potential amendments, but he did acknowledge that the caucus discussed a partisan rather than nonpartisan method of selecting convention delegates.

This amendment appears likely.

The Shafer bill calls for non-partisan election of delegates.

A number of Republican senators, however, are advocating a partisan election — one where party affiliation and organization support would be instrumental in the balloting.

It was also reported that a few GOP senators would like to have consideration of a judiciary article dropped from the call — the other topics are local government, reapportionment and taxation and finance.

But supporters within the Republican caucus said they would vigorously oppose this since they felt the judiciary was the most important subject in the call.

Both houses adjourned until Monday after running through routine sessions.

It takes 26 votes for a measure to pass the Senate. Republicans have 27, but only 20-to-22 are regarded in favor of the Shafer bill at the moment.

The bill is before the Senate Committee on Constitutional Changes headed by Sen. Jack E. McGregor, R-Allegheny, its heaven.

Two Navy Ships Collide; None Reported Dead

HONOLULU (AP) — Two Navy ships collided during operations Tuesday night 75 miles southeast of Oahu, injuring some men.

A Navy spokesman at Pearl Harbor said that to his knowledge there was no fatality.

Time of the collision was 10:37 p.m.

The ships are the destroyer escort McMorris and the gasoline tanker Tom Bigbee, which were in a "night operating area" off the Hawaiian islands.

The spokesman said the McMorris sustained a "hole in her side" but it was in no danger of sinking. The cause was not immediately known, the spokesman said.

Four vessels were standing by the crippled ship — the destroyer Carpenter, two submarines, a submarine rescue ship and a Pacific Fleet tugboat.

Other highlights:

Mental Health — Senate Republican Majority Leader Stanley G. Stroup and Majority Whip Albert R. Pechan sponsored a two-bill package proposing the establishment of a state Department of Mental Health with the secretary of receiving \$25,000. Pechan, the prime sponsor, said it was not a Shafer Administration proposal.

Education — An Administration bill to permit Pennsylvania to join the Education Commission of States, a clearing house for an interstate exchange of educational ideas, was released to the Senate floor by the Education Committee.

Gas Tax — The House State Government Committee cleared for floor action an Administration proposal to permit gas tax revenue to be used for waterway purposes in addition to highway construction. The bill, a constitutional amendment, would have to be cleared by another legislative session and then the electorate before taking effect.

\$140 Hidden In Shoe Removed By Intruder

Japhros Clapp of 119 Washington St. told police early today an intruder stole \$140 which he had hidden in a shoe while he slept.

Clapp said he placed the wallet containing the cash in a shoe underneath his bed before going to sleep last night. He awoke about 3:30 and found the wallet was missing, he said. The wallet also contained papers and photographs, Clapp reported.

The ships are the destroyer escort McMorris and the gasoline tanker Tom Bigbee, which were in a "night operating area" off the Hawaiian islands.

The spokesman said the McMorris sustained a "hole in her side" but it was in no danger of sinking. The cause was not immediately known, the spokesman said.

SWARTHMORE, Pa. (AP) — Robert H. Reed, 71, former magazine editor, newspaperman and farming expert, died Sunday. Reed was editor of the old Country Gentleman magazine from 1942 until it ceased publication in 1955. Reed then became agricultural attaché to the U.S. Embassy in the Netherlands, remaining there until 1960. He started his newspaper career in El Dorado, Kan. He also worked for the Kansas City Star for five years.

Clapp said he placed the wallet containing the cash in a shoe underneath his bed before going to sleep last night. He awoke about 3:30 and found the wallet was missing, he said. The wallet also contained papers and photographs, Clapp reported.

Young Driver Loses Permit For Speeding

CHARLESTON — Convicted on a speeding charge for the second time in less than a month, a young East Liverpool man was given a 15-day suspension of his operator's permit in addition to a \$20 fine when he appeared today before Municipal Judge Samuel M. Chertoff.

Nicholas J. Johnston, 23, of 326 Blakely St. pleaded "no contest" on a Highway Patrol charge of speeding 75 miles an hour in a 60-mile zone on the Freeway. He was cited Jan. 24 at 11:30 a.m.

Fines of \$20 and costs were imposed on two others on patrol speeding charges. They are Roger W. Mays, 21, of Substation, cited Jan. 22 on St. Clair Ave. on a charge of speeding 65 miles an hour in a 35-mile zone, and Larry E. Bowers, 20, of Woodbine Ave., arrested Jan. 24 on a charge of driving 55 miles an hour in a 25-mile zone on W. 8th St. near Westgate School. Both pleaded "no contest."

Virgil Z. Argabrite, 22, of 505 Lincoln Way, Lisbon, was fined \$15 and costs on a charge of speeding 60 miles an hour in a 50-mile zone Sunday at 9:10 p.m. on the East Liverpool-Wellsboro Rd.

A fine of \$15 and costs also was imposed on Harry R. Russell, 58, of Wellsboro R. D. 1, cited Jan. 24 at 9 a.m. on a charge of driving 65 miles an hour in a 50-mile zone on the Freeway.

A hearing is set at 2 p.m. today for Viola E. Chuck, 52, of near Salem, cited Monday at 7:05 a.m. on the Freeway on a charge of driving 70 miles an hour in a 60-mile zone.

The court granted a continuance until Feb. 8 in the case of Michael J. Agnew, 22, of 826 Riverview St., charged with driving an auto with improper plates. He was cited following a traffic mishap on W. 3rd St. yesterday afternoon. The judge said he continued the case to allow Agnew to obtain proper registration. Agnew pleaded guilty.

The preliminary 1966 report released Tuesday showed sales totaled \$20.2 billion, off nearly a half-billion dollars from 1965. GM's 1966 showing was aided by a fourth-quarter which made up in part for a sharp dip in the third quarter.

1 Killed, 1 Wounded In Cleveland Incident

CLEVELAND (AP)—An early morning argument in an east side apartment resulted in death today for one man and the wounding of another, police said.

Officers in the homicide unit said the victim, Willie Bogan, 28, got into an argument with Barney Jeffers, 36. They had quarreled about two weeks ago, police said.

Police said Jeffers pulled a pistol and shot Bogan and then shot and wounded Clement Davis, 25. The shooting took place in Davis' apartment.

Jeffers was arrested and held for questioning.

New Minister Assumes Duties At Wellsville

The Rev. John Richard Dryer assumed his duties today at the Covenant United Presbyterian Church in Wellsville, with his first sermon planned Sunday at 10:45 a.m. on the theme "A Discovery."

He succeeds the Rev. Bruce Davis, who left last summer to serve a church in Upper Sandusky, Ohio.

Rev. Dryer was born April 21, 1934, in Indianapolis. He attended public schools at Speedway, Ind., received his Bachelor of Arts degree from Butler University and attended Christian Theological Seminary. He received a Bachelor of Divinity degree from Princeton Theological Seminary in June 1961.

He married Adriana Viskil of Hoboken, N.J., in June, 1961. He was ordained by the Indianapolis Presbytery of the United Presbyterian Church, U.S.A., in July 1961. Rev. Dryer served a two-point field as pastor of the Westminster Presbyterian Church of New Orleans and of the Westwego Presbyterian Church from July 1961 until coming to Wellsville.

In Louisiana, he was active in both denominational and ecumenical affairs, having been a secretary for the Division of Life and Work of the Louisiana State Council of Churches and chairman of the 1966 Drama Festival of the Greater New Orleans Federation of Churches.

2-Way Crash Hurts Woman

A 22-year-old woman was injured in a collision Tuesday at 5 p.m. at Rubicon and Charles Sts. in Beechwood that damaged two cars extensively, police reported.

The mishap involved a 1963 four-door sedan driven by Barbara Jo Dray of 201 Charles St. and a 1962 auto operated by Thomas David Scott, 18, of 1702 Etruria St. The woman was driving at City Hospital where she is employed.

Scott told Patrolman Samuel E. Hayes he was traveling south on Rubicon St. when the Dray car pulled in front of him while turning off Rubicon onto Charles St. The woman said she was making a turn when the Scott auto hit her car broadside. Scott's car skidded about 79 feet before the impact, officers said.

A collision Tuesday at 9:50 p.m. on W. 8th St. about 80 feet west of Gaston Ave. damaged a 1960 four-door sedan driven by John W. Crabtree, 17, of 209 Ravine St. and a 1957 four-door sedan operated by James L. Eastham, 16, of 420 Gardendale Ave., police said. Both were westbound on the four-lane stretch.

Crabtree said he was driving about 35 miles an hour when Eastham approached from the rear. Eastham swerved to the right lane to pass and then cut back in front of Crabtree, hitting Crabtree's car on the right front, he reported. Crabtree said his car jumped the medial strip into the other traffic lane, then returned to the right-hand side of the highway. Eastham said he was in the right lane and Crabtree swerved toward him, bumping his car.

Johnson told an audience of 250 attending the Roosevelt unveiling, he was happy to take part in the event because "it gives me an opportunity to speak not as a judge of painting, but as a judge of men. And for me and millions of others, any likeness of Roosevelt is an inspiration."

On hand for the ceremony were three of Roosevelt's children—Anna Roosevelt Halsted, John and Franklin—plus a dozen Roosevelt grandchildren and three great-grandchildren.

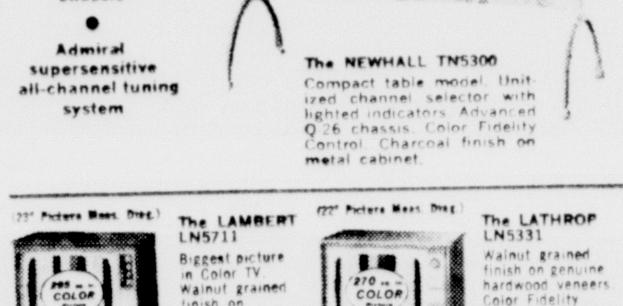

The portrait is the work of Elizabeth Shoumatoff of Locust Valley, N.Y. She had been painting Roosevelt when he was fatally stricken in 1945 in Warm Springs, Ga.

The portrait shows Roosevelt in an earlier period, however.

Rev. Schlosser, Wife Honored At 'Farewell'

The congregation of the First Church of the Nazarene honored the Rev. C. G. Schlosser at a farewell reception Monday night at the church. About 300 attended.

The mishap involved a 1963 four-door sedan driven by Barbara Jo Dray of 201 Charles St. and a 1962 auto operated by Thomas David Scott, 18, of 1702 Etruria St. The woman was driving at City Hospital where she is employed.

Crabtree said his car jumped the medial strip into the other traffic lane, then returned to the right-hand side of the highway. Eastham said he was in the right lane and Crabtree swerved toward him, bumping his car.

Two youths were treated at the hospital as an aftermath of the crash. Jerry Cain of 228 St. Clair Ave., identified as a passenger in the Crabtree car, was treated for head contusions. Edward James Moore of Dunn Rd. was examined for a possible back strain.

A collision on Broadway 200 feet south of E. 5th St. at 4:14 p.m. yesterday involved a 1961 convertible driven by Patricia D. Cunningham, 23, of 1948 Dresden Ave. and a 1962 sedan operated by Claude O. Allison, 52, of 444 Florida Ave., Chester, police said. Allison was driving north on Broadway and the young woman was pulling from the curb, police said.

Walter R. Freeman of 660 Riley Ave. told police the front of his car was damaged by a skip vehicle while parked on St. Clair Ave. near E. 6th St. between 6 and 10 p.m. Tuesday.

PTA Hears Scout Aide

Harry Lessley, Cherokee District Boy Scout executive, spoke during a meeting of the Pleasant Heights Parent-Teacher Association Monday night at the school.

The organization announced it will continue sponsorship of the Boy Scout troop and Cub Pack 43 after a discussion of the rental of the rooms in the school.

Glen Huggins, a member of the church board, was general chairman of the affair. His wife was program chairman. Other members of the committee included Mrs. Robert Kinsey, Mrs. Richard Andrews, Mrs. Paul Bise, Mrs. Georgie Emmerling and Mrs. Maple Allcorn.

Driver Arrested In 1-Car Mishap

An Alliance man was charged with driving while under the influence of alcohol after a one-car mishap near Negley early today, the Ohio Highway Patrol at Lisbon reported.

Tim W. Kelleher, 64, of Alliance was headed north in a 1962 station wagon when it veered off Route 170 about two miles south of Negley at 2:10 a.m. and struck an embankment. There was moderate damage to the right front of the vehicle.

A truck operated by Henry Grubb, 56, of Rogers R. D. 1 and a car driven by Loretta Vogel, 28, of Leetonia R. D. 2 sideswiped on Township Rd. 796 just south of Route 164 near Columbian early Tuesday afternoon.

Grubb made a turn into a private drive as the woman attempted to pass. There was moderate damage to the sides of the vehicles.

A colony of Norway rats, bred in scientific laboratories since the mid-19th Century, has changed anatomically from the wild species. Protected for generations, the rats have developed smaller brains and adrenal glands, and they mature earlier. The changes apparently make the rats tamper, more tractable, unaggressive and fecund, thus better suited for their man-made environment.

GIFTS WERE presented to the Schlossers and their daughter Esther, who is attending

Hong Kong and the airport at Formosa.

The PTA will sponsor a carnival March 3.

The next meeting will be March 27, with Mrs. Kara Barrett presiding.

Suspension Delayed

NEW WATERFORD — Joseph A. Costanzo of the Village Inn,

is not convicted of any further violation until then, the penalty will be remitted, the department said.

First permanent settlement in the New World was Santo Domingo, capital of the Dominican Republic.

R DISPENSING PRESCRIPTIONS REQUIRES KNOWLEDGE

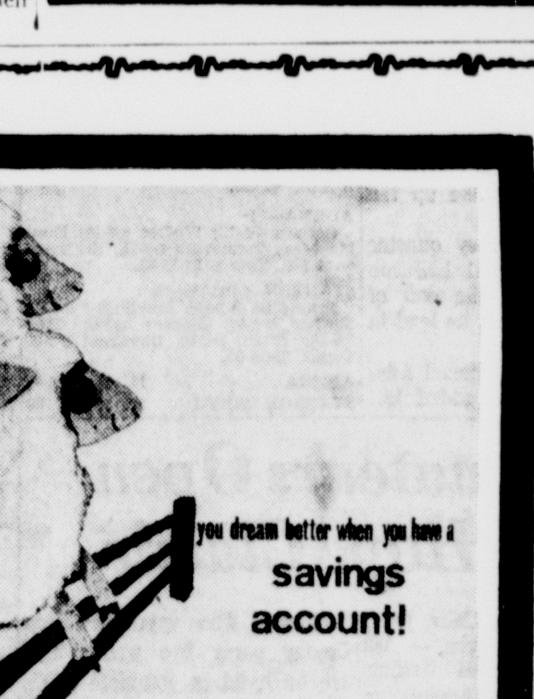

A pharmacist must know the chemical formula of the contents of every prescription, its action and safe dosage. This knowledge is necessary to protect you from a possible overdose and to make certain that when you are taking more than one prescription they work together and not against each other.

It is the pharmacist's legal duty to check all physicians' prescriptions against any hazard. If he should dispense a harmful prescription, without consulting first with the physician, his license to practice pharmacy could be taken away.

YOUR DOCTOR CAN PHONE US when you need a medicine. Pick up your prescription if shopping nearby, or we will deliver promptly without extra charge. A great many people entrust us with their prescriptions. May we compound and dispense yours?

Oak Glen Trips Tigers, 66-54

Zielinsky, Crago Spark Win; Morehead Nets 25 For Wellsville

Oak Glen put together another balanced attack and scored its fifth victory in its last six games by defeating Wellsville, 66-54, Tuesday night on the Oak Glen court.

Coch Bob Starkey's team, which only a few weeks ago held a 1-8 record, has now boosted its mark to 6-9. Wellsville dropped its eleventh game of the season. The Tigers have won three.

The victory also was the second of the season for Oak Glen over Wellsville.

The Bears took a 16-9 first period lead and were on top 29-22 at halftime. Oak Glen held off by the Tigers top scorer Bob Morehead who poured in 25 points. Morehead hit 11 times from the field and three-for-three from the foul line. Todd Weekly chipped in with 12 points.

Wellsville turned in a poor shooting night hitting 20 of 76 for 26 per cent while Oak Glen was only a few points higher with 32 per cent on 29 of 80.

THE WELLSVILLE reserves turned in a 40-37 victory in the preliminary game. Whitman's 12 points paced the young Tigers while Bob Coleman scored 10 for Oak Glen.

Oak Glen doesn't play until next Tuesday facing Southern Local while Wellsville goes to Southern Local Friday night.

Foul Line Edges Stanton By 61-60

ADENA — Stanton Local was edged at the foul line again in dropping a 61-60 decision to Adena here Tuesday night.

Coach Dave Murray's Raiders, as in other games this season, won the battle of field goals 25-21 but Adena converted 19 of 26 fouls to make up the difference.

Stanton led at every quarter stop including a 34-31 halftime lead and 42-41 at the end of three periods but lost its lead in the last minute.

Walker's 16 points paced Adena while Tonkovich added 15.

Clay, Terrell To Hold Final Workouts Today

HOUSTON, Tex. (AP) — Cassius Clay and Ernie Terrell both planned sparring rounds in their workouts today for Monday night's championship showdown fight, and Sonny Liston will be a spectator at Terrell's gym session.

Liston, who lost his world championship to Clay in 1964, stood silently by Tuesday in the Astrodome ring while Clay and Terrell submitted to the Texas Boxing Commission's tape measure and scales in a preliminary physical exam and unofficial weigh-in.

Both fighters' trainers were against the idea of the weighing, but Dr. Arthur Moers was inconsistent. The physician announced Clay's weight as 217½ and Terrell's as 218½.

Clay and Terrell had indicated earlier that they planned to be about 210 for Monday night, but each was more than four pounds heavier Tuesday than

Mantle To Try First Base At \$100,000 This Season

NEW YORK (AP) — Mickey Mantle will give first base a whirl at \$100,000 a year in a desperate attempt to revive the fortunes of the New York Yankees.

This probably will be the last go-round for Mickey who is 35 and soon will be starting his 17th year as a Yankee. Unless the switch brings new life to Mickey's battered legs and knees, he probably will hang it up after the season.

Mantle would like to hit 500 home runs (he has 496). He would like to play more games than any Yankee (he has 51 to

go to reach Lou Gehrig's mark of 2,164). He also would like to play in another World Series, a happening that would call for a dramatic last-to-first flip-flop by the Yanks.

Mantle showed up at Yankee Stadium Tuesday with manager Ralph Houk to sign his fifth consecutive \$100,000 contract. He admitted this probably would be his last.

"If I should have a real good year and we do good, I think it (moving to first base) could add to my career," he said. "I'll just have to wait and see how the legs will react to the quick stops and starts of first base play."

Eddie Tolan, Sprint Star, Claimed At 57

Detroit (AP) — When little Eddie Tolan's stubby legs carried him to double gold medal upset victories in the 1932 Olympics, he became the first Negro to be hailed as the fastest man alive.

Tolan, who electrified the track world with those victories, died Tuesday from an apparent heart attack. He was 57.

Tolan suffered complete kidney failure two years ago. He was undergoing weekly treatments at a Detroit hospital when he was stricken, doctors said.

His sister, Mrs. June Brown of Detroit, said Tolan, a bachelor, had gone to the hospital after teaching his physical education class at a Detroit elementary school.

Only 5-foot-4, Tolan was dubbed the Midnight Express when he ran track at the University of Michigan. He was graduated in 1931.

Tolan's success in the Big Ten Conference, where he set world marks of 9.5 seconds in the 100-yard dash and 10.4 in the 100-meter dash, prompted him to try out for the U.S. Olympic team in 1932.

He made the team, and he won the 100 and 200-meter dash events over favorites Ralph Metcalfe of Marquette and George Simpson of Ohio State.

His 10.3 clocking in the 100 tied an Olympic record as he beat Metcalfe in a photo finish. The record stood until the 1960 Games at Melbourne.

Two days later, Tolan stifled critics by beating Metcalfe and

Vote To Drop Suit

Milwaukee (AP) — The Milwaukee County Board of Supervisors Tuesday voted to drop the county's federal antitrust suit against the Braves and the National League, apparently ending legal attempts to gain a major league franchise for Milwaukee.

Two days later, Tolan stifled critics by beating Metcalfe and

Marichal and Lindy McDaniel are understood to be unhappy over proposed salary offers by the Giants.

Also expected to cause varying degrees of difficulty are shortstop Tito Fuentes, pinch-hitter Norm Siebern and outfielder Ken Henderson.

With the signing Tuesday of pitchers Ray Sadecki and Ron Herbel, the Giants have 24 of 41 in the fold.

Marichal reportedly wants at least \$100,000 for his 25-6 performance of last year.

The remaining 12 players are mainly youngsters and rookies who were not expected to cause any trouble.

Despite the missing contracts, the Giants still have signatures of many of the stars who took them to a second-place finish in 1966. They include sluggers, Willie Mays, Willie McCovey, Jim Hart and Tom Haller, 21-game winner Gaylord Perry and reliever Frank Linzy.

Jury Trial Scheduled In Jim Brown's Case

CLEVELAND (AP) — A jury trial in the paternity case of former Cleveland Browns football star Jim Brown has been scheduled for April 3 before Juvenile Court Judge Angelo J. Gagliardo.

Brown pleaded innocent to the charge when it was filed last November by Miss Brenda Ayres, 18, who had previously charged him with assault and battery. A municipal court jury acquitted Brown of that charge in July 1965.

Home Floor Worth 8-12 Points, Vol Coach Says

By ESCAR THOMPSON |

KNOXVILLE, Tenn. (AP) — How much advantage is the home floor in a college basketball game?

Tennessee Coach Ray Mears should qualify as an expert on the subject. His team has won 19 consecutive games on its home court.

The streak dates back to a 53-50 loss to Vanderbilt in early December, 1965, and includes perhaps the biggest upset of the 1965-66 season — a 69-62 victory over Kentucky.

Mears said as a general rule most coaches rate the home floor advantage at between 8-12 points.

"And, of course, they react to the home crowd. The cheers of the students naturally influence your players to try harder."

"There have been times, though, when I've seen crowd behavior shake up the visiting team and cause it to play better."

Mears said as a general rule most coaches rate the home floor advantage at between 8-12 points.

ALLEY AND RIBANT SIGNED BY BUCS

PITTSBURGH (AP) — Shortstop Gene Alley has signed his 1967 contract, the Pittsburgh Pirates announced today.

Alley, 26, batted .299 last year in his second full season as a regular.

Also signed was minor league pitcher Larry Killingsworth.

Earlier, pitcher Dennis Ribant, obtained from the New York Mets in a trade, came to terms.

The 25-year-old right-hander had a 3.21 earned run average with the Mets last season and won 11 games while losing nine.

The Pirates announced the signing of Ribant Tuesday along with that of Al Oliver, a 20-year-old first baseman who played at Raleigh, N.C., in 1966.

THE YANKEES SLUGGING center fielder Mickey Mantle signed his fifth \$100,000 contract Tuesday and indicated he might be playing first base this season as he tries on a first base man's mitt along with his regular fielder's glove. At left is manager Ralph Houk who plans to try Mantle at first base. (UPI Telephoto)

Ann Landers

ANSWERS YOUR PROBLEMS

Dear Ann Landers: Something has been bothering me and I don't know who to ask, so I'm turning to you.

This friend I'm writing about is a nice person but when I say she is of average intelligence I'm giving her a break. Grace was graduated from high school and I'll bet she hasn't read a book since. She barely can carry on a decent conversation, yet I have seen her sit down and work out a crossword puzzle in record time, filling in words like zebeline, Yahwist and lytta.

How come the big dumbbell knows that xylian is a yellow gummy pentosan found in wavy tissues and yields eylose upon hydrolysis?

Please explain how a person of mediocre intelligence suddenly turns brilliant when she works out crossword puzzles?—BEMUSED.

Dear Be: Crossword buffs learn off-beat and little-known words because they sit with a dictionary in their laps and check the completed puzzle when it appears the following day.

To be able to knock out a crossword in record time is no proof of intelligence or general knowledge. If a person plays any game long enough he's bound to learn the gimmicks.

P.S.: I know a three-letter word for rodent and beyond that I'm stuck.

Devoted Fan

Dear Ann: You're probably fed up on letters from Wall Street Warriors and I don't mean to belabor the issue, but I'd like to add one more comment.

I refer to the statement that hard-working professional and businessmen who spend themselves elsewhere and are too tired for romance got that way because they chose to.

Dear One: A low bow to you.

Please add, Ann Landers, that the same can be said of wives who spend themselves on the garden club, the ladies aid, the children, the laundry and the housework.

Years ago a clergyman's wife complained that her husband became romantic every Sunday night after his sermon had been delivered and the pressure was off. The wife said Sunday night didn't suit her at all because Monday morning was her hardest day. She had to get up early and do an enormous washing.

Your advice was perfect. You told her to do her washing on Tuesdays.

Please publish my letter. It contains a moral worth repeating. — CHUCK WHO LOVES YOU.

Dear Chuck: Here's your letter and I love you, too. Any reader who can come up with a line I wrote six years ago wins my undying devotion.

Happiest Years

Dear Ann: I'm getting tired of reading letters from wives who are dreading the day when their husbands retire. The last woman who wrote said she would go out of her mind if her husband sat around the house all day like the retired husbands of her friends.

How come she didn't go out of her mind all those years when she was playing bridge and her husband was breaking his back to pay her bills? Now that he has earned his day of rest he is not welcome in his own home.

When my husband retired we really began to live. We went fishing together, took motor trips, we gardened, built birdhouses and just enjoyed each other's company.

He passed away at 72 and I can truthfully say the last six years of his life were our happiest. — ONE WHO KNOWS.

Dear One: A low bow to you.

Allegheny's Solicitor Opposes Milk Hearing

PITTSBURGH (AP) — Allegheny County solicitor Maurice Louik says he'll oppose state Milk Control Commission plans to hold a price hearing here Feb. 28 until objections to previous price hikes are disposed of.

"It's a favorite trick of the commission to schedule new hearings each time litigation results from previous hearings,"

Louik said Tuesday. "Price orders follow on price orders."

Louik noted that the county and City of Pittsburgh already have objected to commission-authorized price hikes of one-half cent a quart last April and 1½ cents in September.

The ancient Greeks and Romans adorned places of worship with raisins and even awarded them as prizes in sporting events, according to the Encyclopedia Britannica.

To Receive Loans

WASHINGTON (AP) — Sugar Creek in Athens County, Ohio, and Shanesville in Tuscarawas County, Ohio, are getting loans of \$3,375 and \$1,125, respectively, to help plan sewer facilities, the department of Housing and Urban Development announced Tuesday.

Satan's Blessings Asked

Couple Wed By Lion-Tamer-Turned-Sorcerer

SAN FRANCISCO (AP) — Asking the blessings of Satan, a couple was married Tuesday night by a lion-tamer-turned-sorcerer who pronounced the match "conceived in hell."

Throughout the dark rite, a 500-pound lion on the back porch grumbled throatily and bashed the bars of his cage with his paws.

The bride was scarlet-gowned Judith Case, 26, graduate of Goucher College and daughter of Edward Haile Case, former member of the New York Power Authority.

The bridegroom was John Raymond, 35, who described himself as "a member of society."

Anton Szandor LaVey wore devil horns while performing his first wedding in the Victorian living room of his black-walled guage he invented. Occasionally Satanist church. About 30 disci-

Togare, the lion, muttered out

pies of the self-styled priest in back. Raymond placed a ring on the bride's finger.

LaVey dismissed the question of the ceremony's legality. "I am an ordained clergyman in the Satanic church, which I founded and which the law may not recognize," he said. No marriage license was obtained.

"This marriage," said LaVey, "was conceived not in heaven but in hell, which is the mold from which heaven was cast and which has kept religion alive from the beginning." LaVey held a sword over the couple's head as he pronounced the words.

Flanking LaVey and the happy couple was the paraphernalia of the sorcery business — human skeletons, stuffed oppossums and leopards, and a physician's examining table which later became a bar.

Black hooded and robed, LaVey rang a gong, recited an ode

to the satyr Pan, then uttered incantations in a guttural out-

pouring LaVey said was a living room of his black-walled guage he invented. Occasionally

occasionally the lion, muttered out

we care**vision has made america great**

Men of vision and dedicated people have made America the industrial, manufacturing, and retailing leader of the world.

Take our founder as an example.

More than a century ago, he envisioned a new concept of efficient, low-cost mass food distribution. This concept set the stage for the development of today's modern A&P and for today's entire food retailing industry.

Similar vision characterizes the current management of A&P:

Men who recognize the cost-saving potential of computerized warehousing and ordering.

Men who are applying practical automation to manufacturing facilities.

Men who are relocating distribution centers to take advantage of modern transportation and roads.

Men who are constantly on the lookout for better, more efficient methods of food handling.

Men who are, as always, dedicated to the basic concept of our founder: TO BRING THE MOST GOOD FOOD, TO THE MOST PEOPLE, FOR THE LEAST AMOUNT OF MONEY.

Egypt Denies Charges On Poison Gas

CAIRO (AP) — The Egyptian government has denied charges that its forces in Yemen have used poison gas and called for a U.N. fact-finding commission to investigate the allegations.

In a statement over Cairo radio, Minister of National Guidance Mohammed Fayek said:

"I have been authorized to reaffirm decisively once again on behalf of the United Arab Republic that our forces in Yemen never used poison gas bombs at any time."

Saudi Arabia, which backs the royalists in the four-year-old Yemeni civil war, has accused Egypt, whose forces support the Yemeni Republicans, of gas bomb attacks. Egypt has repeatedly denied the charges.

Fayek's statement apparently was prompted by a plea from the neutral, all-Swiss International Red Cross Committee in Geneva for all authorities in the Yemeni conflict to respect the "universally recognized humanitarian rules of morality and law."

The Red Cross statement mentioned no country by name, but expressed concern over the air raids "and the alleged use of poison gas recently in Yemen and neighboring regions." Egyptian air attacks are the only ones that have been reported in the war.

The royalists charged last month that Egyptian Iluyshin bombers killed more than 125 persons in a gas attack Jan. 7 on Ketaf, the royalists' military headquarters in North Yemen.

Andre Rochat, the Red Cross delegate in Yemen, reported on the situation to the committee in Geneva last week. Two Red Cross teams who visited Ketaf four days after the raid also sent fragments of green bombs, soil samples and lung tissue of dead animals to Geneva.

Sheerer To Aid Commissioner In Allegheny Work

A former East Liverpool resident has been named administrative assistant to an Allegheny County commissioner.

He is Martin W. (Tim) Sheerer, 30, of O'Hara Township, near Pittsburgh, who is now serving as assistant district attorney.

In appointing Sheerer, John M. Walker, a Republican commissioner, commented:

"He is active in the Young Republican movement and has distinguished himself in several campaigns, including that of campaign manager for Coroner William R. Hunt."

Sheerer will take a pay cut from \$10,200 as an assistant district attorney to \$9,348 as Walker's assistant, but explained that he wanted to gain some knowledge of government.

Sheerer, a graduate of East Liverpool High School, is the son of Mr. and Mrs. Martin B. Sheerer of 1725 St. Clair Ave.

Engineers Approve New Ohio River Span

WHEELING, W. Va. — The U.S. Army Corps of Engineers has approved plans to erect a new bridge across the Ohio River from Wheeling to north of Bellaire, O.

The West Virginia Railroad Commission said the corps approved plans for a span with a horizontal clearance of 750 feet between piers. Army engineers last June refused to issue a permit for a 500-foot clearance because of objections from navigational interests.

The bridge will be a part of Interstate 470, a proposed superhighway that will bypass downtown Wheeling and will link with the existing Interstate 70 east of Wheeling and east of St. Clairsville, O. Plans call for construction on the new highway to begin about 1970.

Ohio 5-Day Forecast

Temperatures will average near seasonal norms Thursday through Monday—about normal early part of period, warming a little through weekend but turning a little cooler early next week. Daytime highs generally in middle and upper 30s north; upper 30s-lower 40s south; overnight lows in middle and lower 20s throughout state. Precipitation will average about 5 inch melted, as rain or snow at start of period and again toward end.

1967 Officers Named By Church At Midland

Elected during the annual business meeting of the Midland Assembly of God Church Monday night were Mrs. Virginia Brown, secretary; Jack W. Lucas, treasurer; Charles N. Brown, deacon for a 2-year term, and Harry Thompson, deacon for one year.

Annual reports were read and the bylaws were revised.

Orders Are Being Accepted For Trees In Two Counties

Information for Hancock and Brooke County residents relative to the ordering and planting of trees has been released by James R. Michael, representative of the Soil Conservation Service in Wellsburg.

"The Northern Panhandle Soil Conservation District is prepared to assist Hancock and Brooke County residents in ordering and planting trees for this year. Orders should be placed now to insure the availability of the quantity and species needed. The trees should be planted by the last of April for the best results," Michael said.

Driver, 22, Cited As Car Hits Tree

A 22-year-old motorist was cited by police after his 1965 sedan crashed into a tree on W. 3rd St. about noon Tuesday. When Agnew applied his brakes, his car veered across the street on a long diagonal and struck a tree at 330 W. 3rd St., officers said. The crash damaged the front and right side of the auto.

Michael J. Agnew of 826 Riverview St. was cited on a charge of illegal auto registration. Pa-

trolman Jerry F. Adkins investigated.

Agnew said he was driving west about 35 miles an hour when a car ahead of him stopped suddenly. When Agnew applied his brakes, his car veered across the street on a long diagonal and struck a tree at 330 W. 3rd St., officers said. The crash damaged the front and right side of the auto.

EAST LIVERPOOL REVIEW, EAST LIVERPOOL, OHIO**Final Outcome's Awaited****Ballots In 3 Communities Approve New Phone Plan**

LISBON—Telephone subscribers in Lisbon, Leetonia and Columbiana voted 98 per cent in favor.

Ohio Bell recently sent ballots to subscribers in Lisbon, Leetonia and Columbiana. The accompanying letter said rates would be increased slightly to cover extended service.

The council officers last night had voting results as of Jan. 31. Lisbon, with 61.3 per cent of the ballots returned, shows 1,290 for and 218 against, for a 85.5 per cent affirmative vote.

Leetonia, with 59.9 per cent of ballots returned, is 93.1 per cent in favor, with 690 for and 51 against.

Columbiana voted 849 for and 575 against — 59.6 per cent in favor. Balloting there is 58 per cent complete.

Ohio Bell officials have not

said when they will consider the balloting complete.

The council's countywide phone meeting a year ago is having results in other exchanges. The Damascus area is seeking extended service to Salem, and the Guilford Lake area is taking steps to get extended service to Lisbon.

Mrs. Milly Ashbridge of East Palestine, child welfare supervisor for the County Welfare Department, discussed her work.

The council discussed the proposed Guilford Lake Sanitary Sewer District, the reappraisal of real estate now in progress, and the desirability of measles immunization clinics similar to that held last year by the city of East Palestine. Council members said the measles vaccine is available free from the state.

Mrs. Jayne Calhoun of Lisbon, vice president, presided.

The great artist Rembrandt died in poverty. He lost his popularity in 1656 and became bankrupt.

Over \$1 Million Loss Estimated In W.Va. Blaze

POINT PLEASANT, W.Va. (P)

-Damage was estimated at

more than \$1 million in a fire blaze described by residents as Tuesday which destroyed a hotel the biggest in recent memory. The flames roared out of clothing and dress manufacturer and heavily damaged an auto dealership for more than two hours as fire fighting units from three neighboring Ohio towns helped to contain the blaze.

The fire apparently erupted when a mechanic's trouble light short-circuited. Firemen said Kenneth King, of Pomeroy, Ohio, was working on the gas line of an auto when a spark apparently set the fuel afire.

King was treated for shock at a local hospital. The Sterling Hotel, which housed mostly permanent residents, and the Quality Manufacturing Co. were reduced to rubble. Nearly 100 women were evacuated from the dress manufac-

turing plant after the fire erupted.

The blaze began in the Mason

County Motors building shortly

before noon and spread rapidly

to two other buildings despite

steady rain.

A new school bus, five used

autos and a new car were de-

stroyed by flames in the auto

dealership.

Police charged that Eddie Mc-

Clendon, 40, set the fire that

fatally burned his wife in the

bedroom of their home last Sat-

urday night.

**Clarification
Seen Needed On
Minimum Wage**

COLUMBUS, Ohio (AP) — State officials say the new fed-

eral minimum wage law which becomes effective today needs clarification on the overtime aspect.

And there were indications that Ohio might file a suit against the government, follow-

ing the example set by Texas. Officials of the attorney general's office were in Austin, Tex., Tuesday conferring with legal representatives of that state. Donald M. Colasurd, first assistant attorney general, said

in previous laws, the law covers

such state institutions as hospitals, nursing homes and most schools. It excludes similar federal institutions, however, Colasurd said.

The thing that concerns Ohio officials most is a section call-

ing for time and one-half pay for employees working more than 44 hours a week. Many state departments find it necessary to work their employees overtime, and then give compensating time off rather than pay overtime.

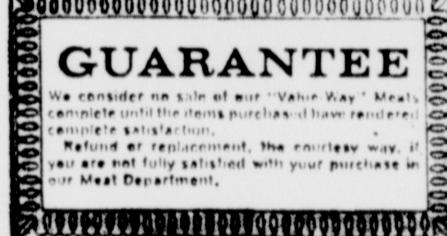

**Statehouse Custodian
Freak Mishap Victim**

Tuesday night's session of the Ohio General Assembly.

Andrew Jackson, 64, Colum-

COLUMBUS, Ohio (AP) — A bus, was helping start a stalled Statehouse custodian was killed car, working under the hood, in the Capitol's parking lot in a when a fan blade flew up and freak accident not long after struck him in the head.

Robert Culp In Town

Youngsters with cameras about the hour drama he wrote were lurking in ambush outside it, which he plays the double role of secret agent and Chinese war lord, is the "I Spy" feature on NBC tonight. Bill Cosby copies the Robert Culp suit as Culp stars.

Inside, the lovely France Nuyen welcomed the visitor into the Robert Culp suite as Culp stars. "Bill and I are old friends of the family," he began again. "That's the theory of all television shows. They're all friends of the family. They're in the living room."

"Well, Bill, they are a divertissement. Cos and I are something that hasn't been seen on stage, TV or movies for 20 years. Bill and I represent an awful lot of things to a lot of people. Few people can tell you what it is exactly."

THE PHONE AGAIN. Miss Nuyen left to go shopping. "I couldn't write a novel at the point of a gun," he continued. "But I think I have something valuable to contribute to film."

"Of 125 plays there are two or three performances I'm proud to have done. My feature film career? I might as well have stayed in bed."

"They bothered me considerably. I drove me around a bleeding bend at the Pinter play, which bothered me enough."

"The Caretaker" was not as much as a quid as "Waiting for Homecoming." I did "Waiting for Godot" off Broadway in 1956 after Trackdown! Don McGuire That was fantasy, but it was written for me in "Hen-coherent drama. Harold Pinter's works are progressively irrational."

THE PHONE INTERRUPTED. "Now my play is a trifle more rational," he picked up. "Bill, or better."

It's as old fashioned as you can get — his hero is one of two star-crossed lovers.

"I wrote 'The War Lord' years and years ago. I tried to fulfill my desire to be an actor. I'd get the boss — Sheldon Leonard rather act. That's all I ever want to do. I don't want to write down. So I did it. I proved I could do it myself."

"You won't recognize me at all. The character stands for Sheldon? All I can say: What a pleasure to work for a man you destroy. It's analogous to a son respect! Only Sam Peckinpah of Chiang Kai-shek, or a and Dick Powell were that confide of Chiang's before."

How long did it take for him and Bill Cosby to know and like one another?

"About 15 minutes," Culp said.

The phone rang again — and the doorbell. Another interviewee was waiting. Culp was ready.

Powell To Be Chief Witness During House Panel's Probe

WASHINGTON (AP) — Adam Clayton Powell will be the chief witness — and maybe the only one — called by the special committee investigating his qualifications for a seat in the House of Representatives.

The committee, which meets today to work out the scope of the inquiry, is expected to invite Powell to appear next week. He has indicated he would accept such an invitation.

Otherwise, the committee has not said how it will proceed. Its recommendation on whether Powell should be seated or barred is due Feb. 23.

Powell took what could be a long step Tuesday toward making the committee's job considerably easier by paying \$32,460 on a defamation of character judgment won against him by a Harlem widow, Esther James, in 1963. Interest and penalties leave him owing about \$135,000. But the increases are still under court challenges.

The original judgment was paid off with a check brought into court in New York by the head of a company that has made a record of sermons by Powell. The check bore the notation, "Advance payment of royalties to Adam Clayton Powell."

At a news conference last Saturday in Powell's Bahamas hideaway, company executives predicted they would sell four million records. Powell gets 22 cents for each one.

House members asked Tuesday about the effect of the payment agreed unanimously that the Steubenville Fire Department would make it easier for the House to seat him, although no means assuring that it will.

Powell still faces jail terms of a year and two months on four contempt of court citations growing out of his failure to respond to court orders in connection with the long-standing judg-

Probation Asked By Area Youth In Auto Theft Case

LISBON — Delvin D. Freshour, 18, of New Cumberland R. D. 1 pleaded guilty to a charge of auto theft Monday before Judge Joel H. Sharp in Columbiana County Common Pleas Court and asked for probation.

The court ordered a pre-sentence investigation and report and increased the youth's bond from \$1,000 to \$2,500.

Freshour did not appear for arraignment Jan. 23, at which time Judge Sharp gave the defendant's bondsman 30 days to present him in court or forfeit bond.

The judge Monday granted the bondsman's request for release from the case. Freshour was taken to the County Jail in lieu of bond. He told the court he was afraid to appear for arraignment.

He was indicted by the January grand jury on a charge of taking a 1969 Chevrolet from Koontz Auto, Wellsville, Nov. 28.

U.S. Steel's '66 Earnings Under 1965's

NEW YORK (AP) — Chairman Roger M. Blough of U.S. Steel Corp. says President Johnson's proposed 6 per cent surtax could have an adverse effect on the economy and the steel industry.

Blough's comments came Tuesday as he reported lower 1966 earnings for the nation's largest steel producer than in 1965.

He said U.S. Steel had profits of \$249 million, or \$4.60 a share, last year compared with \$275.57 million, or \$4.62 a share, in the previous year. The 1966 earnings per share includes about 17 cents from the exchange of preferred stock for some bonds.

Fourth-quarter earnings rose to \$59.85 million or \$1.11 a share from \$49.03 million, or 78 cents a share, in the last quarter of 1965.

U.S. Steel maintained its 60-cent dividend which was increased 10 cents at the end of the third quarter of 1966.

Blough told newsmen the economy shows signs of leveling off and, he said, third-quarter 1966 corporate profits dipped below those of the first two quarters.

"If you add to those factors a tax increase, you drain more money out of the economy and it could have an adverse effect," Blough said.

He said nondefense spending should be trimmed first before a tax increase is imposed.

Blough said some steel executives are concerned about steel imports, which he estimated at 11 million tons last year.

Cleveland Group On Hough Issue Cuts City Hall Ties

CLEVELAND (AP) — A civic committee set up at the request of Mayor Ralph S. Locher with the aim of improving conditions in Cleveland's Hough area abruptly severed ties with city hall Tuesday.

Ralph M. Besse, head of the inner city action committee, announced the move and said the committee had experienced six months of frustration in dealing with city hall.

This brought an angry reply from Mayor Locher.

"I have not yet seen one real constructive action taken by this committee," the mayor told newsmen. "So far we have heard some theories from them—and they have made some demands on us

"They have demanded that I fire one of my directors and appoint their man in his place.

"This is ridiculous," the mayor said, adding that "I am not going to turn city hall over to CEI (Cleveland Electric Illuminating Co.) and Squire, Sanders, and Dempsey, who would like

and demand director of lawyers and business serving without pay would have been under the direction of Army Reserve Maj. Gen. Stanley W. Connelly.

Connelly, who is executive director of Besse's committee, would have replaced Barton R. Clausen as community development director.

to run the city to suit themselves."

Besse is president of CEI and will become chairman Feb. 12. He formerly was associated with the law firm of Squire, Sanders and Dempsey.

Besse told a news conference the committee acted after Mayor Locher turned down its offer of a 25-man task force to tackle urban renewal problems. The task force composed of lawyers and business serving without pay would have been under the direction of Army Reserve Maj. Gen. Stanley W. Connelly.

Police, still investigating, said the Actons' only child, 6-month-old Jennifer, was found in her crib Tuesday with multiple stab wounds.

Mrs. Marilyn Acton, 27, was in another bedroom with apparently self-inflicted wounds on

her wrists when police arrived, officers said.

Acton was not home when the violence occurred, police added.

Jennifer was dead on arrival at Lancaster - Fairfield County Hospital. Mrs. Acton, in satisfactory physical condition after treatment of her injuries, was taken to University Hospital at Columbus and placed under psychiatric care.

Acton, Democratic nominee for 17th District state senator, lost last November's election to Harry L. Armstrong, Logan Republican.

Weaker Sex

Slower To Kick Cigarette Habit

HINSDALE, Ill. (AP)—Take heart, men. In some ways women really are the weaker sex.

For example, a researcher says, they are weaker when it comes to kicking the cigarette habit.

Dr. Charles L. Dale made a study of 1,000 persons who attended stop-smoking clinics at Hinsdale Sanitarium and Hospital more than a year ago.

A year later, 37.9 per cent of the men were still spurning cigarettes. All but 29.4 per cent of the women were backsliders.

"It's hard to pinpoint the reason for this," Dr. Dale, chief pathologist at the hospital told an interviewer. "It's probably the emotional factor and difference in makeup between the sexes."

Dr. Dale said emotional upset, nervousness and pressures at work were blamed by the bulk of those who returned to smoking.

"Anybody can stop smoking if he tries hard enough and really wants to," Dr. Dale said.

May Lead To New Era In Relations

Vatican, Soviet Reported Preparing Secret Talks

VATICAN CITY (AP) — The Vatican and the Soviet Union are believed preparing secret talks that could lead to a new era in the Roman Catholic Church's relations with the Communists.

Vatican circles consider that meetings on a "technical level" are one of the most likely developments from Pope Paul VI's meeting Monday with Soviet President Nikolai Podgorny, the highest ranking Communist ever received by Pope.

These circles emphasized that developments were still at an early stage and that any negotiations that resulted would be protracted. But they said the Vatican and the Russians seemed to be moving toward an agreement setting up some kind of reciprocal diplomatic representation short of an exchange of ambassadors.

The Vatican signed a similar agreement with Communist Yugoslavia last June after long, unannounced negotiations.

Vatican sources say the church sees no difficulty in exchanging diplomats provided the Soviet government guarantees the church's rights in the Soviet Union, where there are 10 million Roman Catholics.

The church would like to replace dioceses eliminated by the Communists in the decade after the 1917 Bolshevik Revolution.

The church also reportedly would like to appoint a representative for the three Baltic republics — Latvia, Lithuania and Estonia — which have large Catholic populations and whose postwar absorption into the Soviet Union the church does not recognize.

Any accord with the Soviet Union would be expected to have a tremendous impact on

Deadline: 5:00 P. M. the day before publication. On Mondays and on morning following legal holidays advertisements are accepted until 9:00 A. M. the day of publication.

Renewals of ads that appeared the previous day and corrections may be made until 9:00 A. M. on the day of publication.

To PLACE YOUR WANT AD phone 385-4545, or mail it to The Review Want Ad Dept. 210 East Fourth St. E. Liverpool.

Notices, Situations Wanted and Wanted to Rent advertisements must be accompanied by cash. Ads will be held until accepted by mail or over the telephone and a statement of the charge will be mailed to you.

The entire want ad section of this newspaper is at your service. It's yours... for news of homes for sale or apartments wanted, for a man or woman on the best person to fix your roof or your oil burner.

It's yours if you want to hire help or find a job. It's yours if you want to sell your car or an automobile. It's yours if you want to buy or sell any items. The Want Ad columns are at your service. Read and use them for profit. To place a Want Ad simply phone 385-4545.

The Review endeavors to print only truthful classified advertisements and will appreciate having its attention called to any advertising not conforming to the highest standard of taste and demand for usable used goods was never greater than right now. Help meet it by selling the things you don't need through classifieds, inexpensive Review Want Ads, and have extra cash in your pocket. Simply Dial 385-4545.

The Review is a member of the Association of Newspaper Classified Advertising Managers which includes practically all leading newspapers throughout the country and has for one of its aims the elimination of fraudulent advertising.

RARE GEMS WORN IN BRONZE AGE

LISBON — The Bronze Age women of the Southern part of the Iberian Peninsula wore necklaces made of rare stones found mainly in Caucasus, 5,000 kilometers away.

This was one of the most recent discoveries by an archaeological team in the southern Portuguese province of Aentejo.

The team is unearthing what is reported to be the biggest paleolithic monument found to date.

"The stone supports, still partly covered by earth and debris already show five meters height of stone, occupying 30 square meters of ground each," explained Dr. Henrique Pina, the mission leader.

After the chamber follows an open corridor which makes the whole monument 18 meters long.

"We suppose the chamber was covered by giant table weighing more than 40 tons. After some excavations we found the table in several pieces, but we have the possibility to put them together again accurately," Dr. Pina said.

Each supporting stone weighs about 20 tons.

It was in the earth that the necklaces were found.

Some of the small heads were schist, which can be found only 50 kilometers away. But others were made of a very rare stone found in Cauasius.

Other valuable findings were schist engravings with a primitive religious significance, arrows of silex and delicate knife miniatures made of crystal rock.

A governing council arranged marriage rites among the Pueblo Indians of the 16th century. The man spun and wove a blanket, placed it before the woman and she covered herself with it, thus becoming his wife.

**A Junior Editors Quiz About
NEFERTITI**

QUESTION: Who was Nefertiti, and what Egyptian Pharaoh did she marry?

★ ★ ★

ANSWER: Nefertiti's husband, the Pharaoh Akhenaton, ruled Egypt between 1387 and 1366 B.C. and was one of the most remarkable men who ever lived. He tried to abolish the earlier state religion, which only the priests could understand, with a simple worship of Aton, the sun (note Aton's rays coming down in left hand picture). Although Egypt later went back to the older ideas, Akhenaton is regarded as a great pioneer in the way most of us think today. Unfortunately, we know little about Nefertiti, what she was really like, what family she had come from. The one thing we do know about her is that she had extraordinary beauty, knowledge which comes to us because of the remarkable sculptured bust, made during her life-time and perfectly preserved, which we illustrate. Akhenaton had instructed his sculptors to work for truth and reality rather than follow the rigid ideas of earlier artists who had made everyone look alike. The result is a portrait which preserves the queen's personality, even if we know so little about her life.

In 1898, the first automobile insurance policy was issued. It went to a Dr. T. J. Martin.

In 1899, the American flag was raised over Guam.

In 1924, Britain granted diplomatic recognition to the government of Soviet Russia.

In 1945, the Nazis placed the Norwegian traitor, Quisling, in power in Norway.

Ten years ago — A Northeast Airlines airliner crashed after takeoff from LaGuardia Airport in New York City, killing 20 passengers.

Five years ago — President John F. Kennedy proposed to Congress a broad program of welfare reforms which he said would place "more stress on services instead of relief."

One year ago — Sixty Negro squatters and civil rights workers were dragged by air police from the deactivated Greenville, Miss., Air Force Base.

Today's highlight in history: On this date in 1790, the U.S. Supreme Court held its first session at the Royal Exchange Building in New York City.

On this date: In 1814, postal rates were doubled in the United States as a war measure.

Hints from Heloise

— By Heloise Cruse —

Dear Folks: I have been testing machines, and I think they are wonderful and have you ever thought of dry cleaning your cotton garments in them? These blouses we use for every day, or children's clothing with spots that will not come out when we launder them at home all can be dumped into one of these fabulous machines.

The cleaning fluid used in these machines will remove spots and soil marks you and I cannot possibly get out in our home laundry machines.

The greatest thing I found out was that I had less ironing to do!

Nearly every one of my beautiful drip-dries did not even require a touch up job with my iron.

The trick is to take your own hangers.

When that machine stops, take out the garments immediately, fluff them in the air, shake 'em a little and put them up on those coat hangers.

I SUGGEST that you don't use plastic coat hangers for this. Metal ones are the best. Preferably the type which are covered with tissue.

While you are at it, add a few of your husband's ties (the ones with the gravy stains), or a few of your good linen dinner napkins that have lipstick and butter stains on them that you can never get cleaned.

The dry cleaning solvent will remove most of the stains that you are unlikely to remove at home.

HELOISE

DEAR HELOISE: Rings from the top of metal beverage cans are the very thing to use for sewing into cafe curtains for the kitchen, bathroom or the child-ren's room.

They are especially handy for people who like to make their own curtains.

MICKIE DAVENPORT

DEAR HELOISE: Here are my uses for pickle juice:

Sprinkle it on green salads. It has less calories than oil dressing.

Strong onions sliced into the juice and left awhile, will be less biting and have a more delicious taste.

Cucumbers are wonderful when sliced into any leftover pickle juice.

If the juice gets low before you have a new batch, add a little vinegar and water to what you have. Not quite as tasty but still good.

REB.

DEAR HELOISE: Watch out when using vacuum cleaners around cars.

Be sure you are standing in a dry area or better yet, get completely inside the car before turning on the cleaner. The rubber tires will protect you if there is an electrical short circuit.

FRANCIS M. MCKINNEY

DEAR HELOISE: To me, this is a letter of laughter. Girls! Keep your size 10 figure.

ure: Never buy shifts or any loose-fitting garments. Always wear dresses, skirts or slacks with tight-fitting waistbands.

Wherever, whenever or whatever you eat, the minute that waistband starts feeling tight, stop eating!

Don't you dare undo that button! It's worked for me, right through middle age "no-spread."

GRANDMA KNOWS.

DEAR HELOISE: Although I'm only 12 years old, here is a helpful hint for mothers with small children.

If your children like to blow bubbles, put a few drops of food

coloring in the bubble solution. It keeps them busy for hours.

BIG SISTER.

DEAR HELOISE: I like to make lots of pancakes at a time to freeze. I use hamburger patty papers between each pancake before placing them in a large plastic bag in the freezer.

Patty papers are the little, round wax papers that can be bought at restaurant supply stores and some large supermarkets.

I just slip a knife between each frozen pancake, pop them into the toaster and I have a quick meal.

Keep In Trim

By IDA JEAN KAIN

Exercises Will Restore The Bloom

Eve's daughters secretly yearn to stay young and beautiful for as long as possible, or longer. The wrinkle-free promise from the dieter who practiced throat toning isometrics while losing 20 pounds, has brought a continuity of letters asking for facial exercises.

Ida Jean Kain

slow count of six, relax and repeat three times.

Head erect. Place interlaced fingers on forehead. Press back forcibly with hands, resist strongly with neck muscles. No movement. Hold for a slow count of six, relax and repeat three times. This exercise action reaches clear down to the dimple in throat.

Place right hand against right side of face. Press sideways against resistance of hand. Repeat three times, then do the same with the left hand. You'll feel the toning action all along side of face and down to the pectoral muscles of chest.

A GRINNING exercise was the only used by the dieter. Grin, side-wide, opening lips. Hold the grin and keep a stiff upper lip as you exert pressure with jaw muscles. Contract hard with jaw muscles and hold the grip to a low count of six. Repeat three times, twice daily.

A direct quote from the dieter: "Let me tell you there is just no comparison to the way you look when you follow these exercises to the way you look when you do not exercise!"

Unquestionably, toning exercises are a beauty tonic. A philosophical outlook is a great help in facing the years with serenity. Discard the mental wrinkles of anxious concern.

To tone and firm the cushion of muscle on the jawline and strengthen throat muscles:

Hold head erect and chin level.

Place palms of both hands on either side of jawline. Push down with chin, push up with palms, equal pressure. Hold for

Legion Given Dinner Plans

Columbiana County American Legion posts will hold their annual "birthday dinner" March 4 at the home of Salineville Post 442, Alfred Wedgewood Post 374 was told during a meeting Monday night in the East End home.

Dean Wright of Salineville, county commander, explained plans for the event. M. J. Chakeres, Ohio commander, will be the principal speaker.

Densel McKinney, first vice commander, reported the post still is 39 short of its membership quota for 1967. The deadline for signing is Feb. 12. David Dople was accepted as a new member. Vincent McGeehan, commander, presided. Forty-nine attended.

Fined were Timothy Dale Mick of 1114 Commerce St., Wellsville, \$25 and costs for an unsafe vehicle; William Felger of East Palestine R.D. 1, \$25 and costs for failure to stop in the assured clear distance; Robert Noel of Unity, \$35 and costs for improper lights on a trailer.

Donald Meek of Lisbon and James Crear of Post 374, 10th District first vice commander, reported on the annual mid-winter meeting of the Ohio Legion which he attended Sunday at Columbus. John E. Davis of Bismarck, N. D., national commander, spoke at the Columbus meeting on his recent trip to Vietnam and a national program for support of law and order.

About 1,000 Legionnaires attended.

Russ Ludwig and his Blue Shades will play for a dance at the post home Saturday night.

Judge Penalizes 8 Area Motorists

Eight area drivers were penalized during traffic hearings held by County Judge Barry Dickson at East Palestine Monday.

Fined were Timothy Dale Mick of 1114 Commerce St., Wellsville, \$25 and costs for an unsafe vehicle; William Felger of East Palestine R.D. 1, \$25 and costs for failure to stop in the assured clear distance; Robert Noel of Unity, \$35 and costs for improper lights on a trailer.

A \$5 fine and costs were suspended for Ruth Riley of Bismarck R.D. 1 on a speeding charge. Raymond George Campbell of Park Way forfeited a \$15 bond for a stop sign violation.

Serbian Singers Plan Rehearsals

The first rehearsal of District 1 of the Serbian Singing Federation for the Sunday of Orthodoxy will be held Feb. 12, the time and place to be announced.

The program will be given by the choir and choirs of five other nationalities and will be held at the Soldiers and Sailors Hall in Pittsburgh March 19 at 3 p.m. John Wuchenich of the Holy

Trinity Choir of Pittsburgh will auctioneer, will donate his services.

Choir members are asked to donate articles for the auction.

The next meeting will be at the American-Serbian Club in Midland Feb. 25 at 6 p.m.

In 1814, when the British burned Washington, D.C., the Declaration of Independence and the Constitution were taken to Leesburg, Va., where the manuscripts were stored in a bank for safekeeping for one night.

QUESTION - - "Is it necessary for us to select pallbearers, or does the funeral director choose them from among those attending the service?"

ANSWER - - Ordinarily the family prefers the privilege of naming six friends, whom they know will attend the services. We gladly contact those chosen friends for you, or we can arrange to provide bearers if you desire.
